

COGNAC FRAPIN PLUME

PM SPIRITS

The essence of Frapin's cellarmasters' expertise, *Plume* is a limited edition made from a blend of around twenty eaux de vie produced exclusively from the nearly 600 acres of vineyards around Château Fontpinot. This very old 100% Grande Champagne Cognac has aged patiently for **over 60 years** in century-old barrels in Frapin's humid *Paradis* cellar, where the oldest, most prized Cognac is stored. Its decanter is decorated with an 18-carat rose gold stopper and feathers.

ABOUT COGNAC FRAPIN

Frapin is true single estate Cognac. The historic brand and iconic estate is family owned, and always has been. Every step of the process is done by Frapin themselves, from tending the vines to winemaking to distillation to aging, and no grapes nor eau de vie are bought/sold. The iconic estate is home to nearly 600 acres of Ugni Blanc vines and distillation takes place on the lees on one of six copper pot stills. Now in their 21st generation of grower-producers, the Frapin family has been active in viticulture for over 750 years.
